BEE GRAMS FOR SALE

Plant a flower. Save a bee!

Bees are struggling right now because of parasites, pesticides, and pathogens. To help spread native flowers for bees, Mrs. Grave's 5th-grade class will be selling Bee Grams. "Be aware, be a helper, save the bees."

Bee Grams can be purchased from March 21 - March 25. A Bee Gram can be sent to a friend and will include a seed ball containing native flower seeds that will attract pollinators and are ready to plant.

Each Bee Gram is \$1 or 3 for \$2. All proceeds will go towards improvements for the inner courtyard garden including a bee bath - a water source for bees.

FEEDBACK NEEDED

Opportunity for Love and Logic Course - We Need Your Feedback!

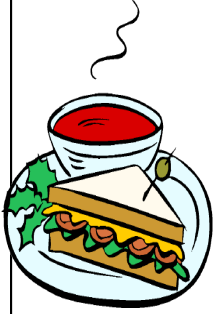

Felida Elementary PTA is considering sponsoring a **Love and Logic®** course for Felida Elementary families. The cost per family would be \$25 which includes materials. Courses will be held weekly for 6 weeks. Classes will begin over Zoom, but may finish in person. Stay tuned.

Love and Logic® is a research-driven, whole-child philosophy *dedicated to making parenting and teaching fun and rewarding*, instead of stressful and chaotic. This course will provide practical tools and techniques to help you achieve respectful, healthy relationships with the children in your care.

If interested, please <https://bit.ly/LoveandLogicSurvey> to indicated your desire to participating in a **Love and Logic®** course. By signing up, you are not committing to taking the course - this is just a survey to gauge interest from our school community at this time.

Thank you for your participation!
